Dear Readers,

On Thursday 8th September 2022; Her Majesty Queen Elizabeth II passed away. This edition of the Wollaston Together was always intended to be a tribute to her and the Platinum Jubilee Celebrations that took place back in June. Now it will pay tribute to her full life, as a Princess, Daughter, Sister, Mother, Grandmother, Great Grandmother and Queen.

Wollaston and many of its residents came out to show their affection and thanks to Her Majesty in three local events, as well as by decorating our great village. Please turn to **pages 32, 33, 34 and 35** to see a selection of our favourite photos from the Jubilee celebrations. Please note that all articles in this edition were written before the passing of HM the Queen.

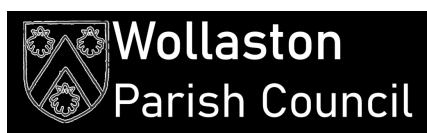

There is much more to say about what has been going on in Wollaston since the last edition of the Wollaston Together; but we shall discuss all of this in the next edition. For now we celebrate, admire, commend and remember Queen Elizabeth Alexandra Mary Windsor the Second. Queen of the United Kingdom and Head of the Commonwealth.

Long reigned the **Queen**.

God Save the **King**.

Callum Boddington

Editor of Wollaston Together & Parish Councillor

Wollaston
Events
Committee

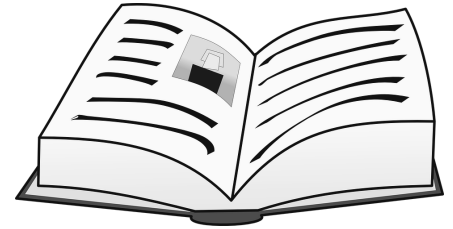

Stories of Wollaston New and Old gives our community a chance to read about Wollaston from a different perspective. Wollaston has been home to thousands of people over the previous decades and centuries, each of them having their own story to tell. This editions story is...

Tea boy

(A true war-time story)

During my period of service with the R.A.F, I was stationed in Gibraltar, and one incident stands out in my memory.

One pleasant, sunny morning, I and my fellow “instrument bashers” were relaxing outside our workshop. This workshop consisted of a converted packing case (originally used for shipping spitfires) fitted with shelves piled high with silica-gel, which is a substance then used in the air dryers of the auto-pilot.

At this time, there were standing instructions that all personnel wishing to cross the runway must do so at the end or where the road from the Rock into Spain cut across it. As the NAAFI building was at the other side of the runway and today was my turn to collect the tea, I reluctantly departed for the canteen armed with our tea container – a ten-pound jam tin with twisted strands of copper locking wire for the handle.

As I was waiting to be served with the usual “char and wads”, there was a lull chatter and we heard that there was a “kite on fire on the runway”. Not being the first kite fire, we had seen on The Rock, this information did not cause any great stir and a few people moved from their place in the queue. However, an announcement come over the Tannoy which made the whole thing a little less routine. “The Hudson aircraft on fire half-way down the runway is fully armed with depth-charges and ammunition for the guns. The fire has a firm hold and the fire-fighters have withdrawn. All personnel will keep as far away as possible from the burning aircraft”. Questions were being asked all around me as to the effect of depth charges exploding in the air and not beneath the waves. By this time, I had 8 cups of tea poured into my jam tin and should have started my return journey. The idea of waiting in the canteen until it was all over was dismissed by the thought of the reception I would receive at my section when I arrived late with a couple of pints of cold tea. The instructions were to keep as far away from the fire as possible and in walking back I needed be no nearer than I was at present – so I made my decision and started back.

Now walking with an open-top, three quarters full of tea, is not the simple exercise it might appear to be. A full stride is out of the question – the liquid will slop out and half will be lost. A slow stroll means a full can of cold tea. I compromised with a stiff-armed glide, with many back ward glances at the fiercely burning Hudson.

As I was crossing the end of the runway at the farthest point from the fire, I became aware of a noise I had previously heard and it dawned on me that it was the ammunition exploding and the bullets ricocheting off the runway. I broke into a fast trot to find some cover and law was with me. I arrived back considerably out of breath and shaken but as I only had about half the quantity of tea I received no sympathy, only sarcastic remarks. As I was about to reply, another announcement came over the Tannoy – “all personnel to take cover immediately. It is expected that the depth charges aboard the Hudson will explode with in the next few minutes”.

Although the only cover was our rather flimsy converted packing case – which was not secured in the ground in anyway – a concerted dive was made for its doubtful safety and the bench inside. When the explosion came, we rocked back and forth and everything was mixed up like a fruit bowl. Not least of the ingredients were the tins of silica-gel, many of which had lost their lids allowing the contents to cascade all over us.

A few seconds – which seemed considerably longer – noise and motion ceased, and we began to disentangle ourselves. It was then that I saw what had happened to the tin of tea I had run the gauntlet of exploding ammunition to bring back. It was filled and nearly obscured by the mound of silica-gel.

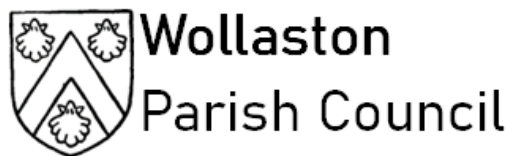

I was never again entrusted with the important task of fetching the morning tea.

HRH Queen Elizabeth Bereavement Notice
Friday 9th September 2022

Wollaston Parish Council have received the news of the death of Her Royal Highness Queen Elizabeth with great sadness. Our Queen was a magnificent representative of all that is British and served this nation with great honour throughout her reign. She was a shining light in the World, who consistently provided an outstanding example to the United Kingdom and the Commonwealth.

Like me, most people will have only known one figurehead and leader of our Country. She was a lady who served her Country during the Second World War, and then served as Head of State, for the next 70 years. She was a unique individual and set a great example to us all, and her like will not be seen again. She will be remembered for her outstanding loyalty to the British people and the Commonwealth and will always be respected as a great statesperson and leader.

So, on behalf of the Community of Wollaston, we send our deepest condolences to all the members of the Royal Family during this time of great sadness.

Chairman, Mr Lindsay Alvis
On behalf of Wollaston Parish Council

September marks **ONE** year of the Wollaston Events Committee; and below we have included some of the work we have achieved so far. We have re-imagined our Local magazine, organised a Christmas fair, a Beacon lighting ceremony, Green Canopy ceremony, Jubilee Picnic in the Park, Village of the year award and an Outdoor Cinema night. Our work continues with plans being put in place for Christmas and a rough idea of 2023's events calendar.

Yet, all of this would not be possible without the support of our local volunteers, who help organise and run these events. So if you want to help organise local events for local people then come along to one of our meeting's. **We meet on the first Monday of the month at the Works.** Email to find out more: wollaston.ec@gmail.com

LEST WE FORGET

Hello Wollaston!

We are delighted to be included in Wollaston Together and look forward to regularly communicating with you all. As you may be aware, since moving to Wollaston in 1940 Scott Bader has grown into a global business. We now have 18 offices and 7 manufacturing sites around the world. Our Wollaston site is our Headquarters and somewhere we are very proud to be.

Here's an update from our UK Site Director, Sean Beaumont:

"Hi everyone,

My name is Sean and I am the Site Director here at the Wollaston site. I have been with the company for around a 18 months and it has been a busy but productive time.

Celebrating the 100-year anniversary with the company and our colleagues is a landmark moment in anyone's career and it is my aim to secure the future of the site for the next 100 years to make sure that we are a good neighbour to the local community, which we are proud to be a part of.

The Wollaston site is the largest site in the group, and we are currently going through an important site transformation which will bring in significant extra capital spend, a large portion of which will be spent to reduce our impact in the village. We will be replacing a critical piece of our equipment with a new carbon bed system which is both more sustainable in terms of Carbon generation, but which is also significantly more efficient and reliable, which will eliminate a large portion of odours from the site.

Thank you and I look forward to speaking with you again soon."

In case you are still not sure what Scott Bader does, we manufacture high-performance resins, gelcoats, adhesives and functional polymers that are used to make products such as wind blades for wind turbines, luxury yachts, interior and exterior parts for trains, automotive parts with a particular focus on adhesives for electric battery trays and many more.

Did you know, Scott Bader was the first employee-owned company in the UK? We became employee-owned in 1951 when our founder, Ernest Bader and the Bader family, gifted their shares to the workforce through the formation of the Scott Bader Commonwealth, a charitable trust that holds the shares of the company.

The Scott Bader difference is underpinned by the fact we are a Commonwealth, which means we are owned by our colleagues, who as Trustees of Scott Bader Commonwealth, are responsible for the wellbeing of the business. That means

colleagues have an instrumental role in running the business, a role that is much greater than their everyday tasks and empowers them to learn and grow. Also, our charitable status brings a responsibility to the wider community, to make a positive difference in everything we do.

New Centenary charity fund

Last year we celebrated 100 years of the company and 70 years of employee-ownership. Some of you spotted Her Royal Highness Princess Anne as she visited us to mark the occasion.

In addition, The Scott Bader Commonwealth will soon launch a new Centenary Fund to help support four large community-based projects, each receiving £25,000 in funding!

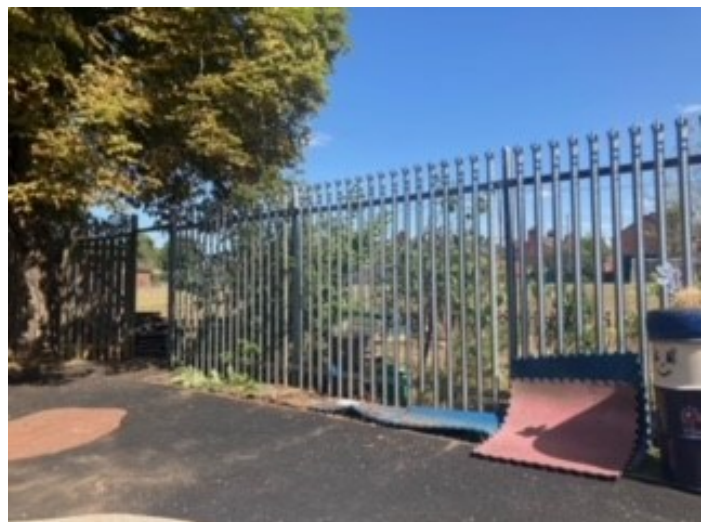

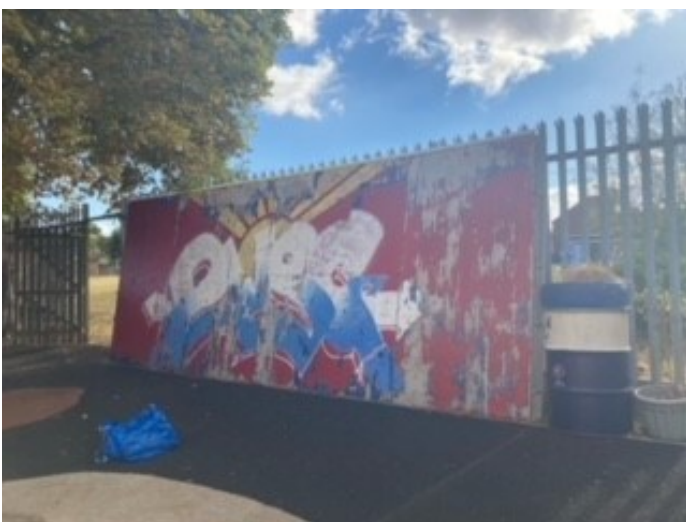

Applications for the Centenary fund can be submitted from 1st to 30th September 2022 via the Scott Bader website. Charities that apply must be registered in the UK.

Please share this with any charities you think would benefit and encourage them to apply.

Volunteering in the village

Every year, Scott Bader colleagues around the world are given a fully paid volunteering day to help in their local community.

In August, two colleagues from Scott Bader UK volunteered to help the WAY (Wollaston Association of Youth) building take down and dismantle an old bouldering wall and organise the scout storeroom and office.

Thank you for reading and we look forward to speaking to you again soon!

Scott Bader

September is an exciting time for the Primary School as lots of new changes come into effect. We said a sad goodbye to a number of staff members at the end of July who are all moving onto new challenges and adventures. Mrs Timms

who had worked at Wollaston Primary for

around 20 years made the decision to retire and we know a lot of people in the village would have been taught by her or have children/grandchildren that would have been in her class. Everyone wished her well and we look forward to her coming back to visit.

In September we will be introducing a new approach to behavior which focusses on praise, reward and values. We have four new house teams one of which we have named after our very own Maisie Summers Newton. Our curriculum over the last year has been developing and we are now ready to implement our new plans from the start of the year. Our new approach to Early years is also ready to be rolled out after a lot of hard work improving this area. We will soon be organising

our open events for prospective new parents and look forward to welcoming visitors and showing them around our lovely school. If at any point you would like to visit please feel free to call the office on 01933 664291 to make an appointment.

One of the most positive things for us over the last year was our return to events after the isolation of the pandemic. In the last 12

months we managed to host our sports day, deliver a fantastic end of Key Stage 2 show, have a superb summer fair organized by the PTA (even the rain didn't stop us) and have a great Year 6 leaving party. It was also a real pleasure to be involved in the jubilee celebrations and we look forward to being part of more village activities over the next 12 months.

Thanks to everyone in the village who continues to support Wollaston Primary School we really do appreciate it.

SUICIDE

the biggest killer of
young people in the UK.

HOPELINEUK

If you are having thoughts of suicide or are concerned for a young person who might be, you can contact **HOPELINEUK** for confidential support and practical advice.

PAPYRUS
PREVENTION OF YOUNG SUICIDE

8-10 years old?
A good swimmer?

Do you want to learn water safety, life saving and first aid?

Do you enjoy having fun in water?

If the answer is yes, why not join the Scott Bader ROOKIE Club and work through the RLSS Rookie programme.

The Scott Bader ROOKIE Club is run for competent swimmers on a Wednesday evening between 7 – 8.00 pm in the Company Swimming pool.

It is a structured programme set out by the Royal Life Saving Society with achievement awards promoting lifesaving, water safety, personal survival and first aid skills through fun learning. Receive badges and certificates for your achievements. We run 2 groups, bronze and Silver & Gold.

- SKILL THAT CAN SAVE LIVES
- INCREASE SWIMMING COMPETENCE
- DEVELOP THE ABILITY TO SURVIVE IN WATER
- LEARN INITIATIVE, JUDGEMENT AND LEADERSHIP SKILLS
- PROVIDE A FUN VEHICLE FOR THE ACQUISITION OF IMPORTANT CITIZENSHIP AND LIFE SKILLS
- BASIC FIRST AID
- WATER SAFETY AND DROWNING PREVENTION

There is a one off joining fee of £15, for which the new ROOKIE will receive a specially designed ROOKIE shirt, folder and leaflets.

The **weekly fee is £3.00 per child**, which is used to buy equipment and sponsor additional activities such as open water activities – Wind surfing, Kayaking, sailing, and raft races. We also have other activities throughout the year, scuba diving, bowling and visiting the local Christmas Panto.

The club is run by volunteers who have a combination of qualifications and ALL have Police clearance to work with children.

If you are interested in joining the ROOKIE Club please contact Elizabeth for further details on **07905 604384**

At Wollaston Sixth Form, although the basic structure of the day remains the same, activities differ daily. One week, students are focusing on their subjects and preparing for life-changing exams, the next they can be seen dancing 'Strictly-style' with their favourite teacher. Pretty exciting right? Well, we are here to strip it all back and tell you the bare bones about what life is truly like at Wollaston Sixth Form.

When entering the gates of the Sixth Form, you are immediately greeted with familiar faces to start your day off. Then it's off to your form room where you'll discover the news of the day and plan your time; since it is first thing in the morning, it prepares your brain for challenges that you have to overcome throughout the day. On Fridays, you'll be competing in exciting form activities. Whether that be racing around the school looking for hidden clues or completing quizzes, all that matters is achieving glory for the form and having some fun to finish the week.

Lessons that follow are dependent on your personalised timetable. For example, you could have a sociology lesson with Mr Hopkins, the atmosphere will be focused on progress and learning, but it is so different from lower school with more discussion and debate taking place. When you are not in class you'll typically journey back to the sixth form centre.

Dependent on the day you might have a supervised study. This allows you to have a structured revision session giving you the opportunity to revise without distractions. Similarly, with a teacher to work with you always have any support you need. If you're finished with your work, there is always more available with revision sheets that can be adapted to every subject. We know these study sessions are really helpful when we are feeling overwhelmed with work. There are many

places to go to work independently, such as the school library, you can study wherever suits you best. Although studying is very important, your mental health is equally as significant. So, as sixth form students, we recommend a break at times. You can read a book or chat to your friends, just do whatever you can to relax.

Once you hear the bell for break, the study centre transforms into a room of bustling, chaotic teenagers. This is where the sixth form is at its liveliest. You hang out with friends and have some fun before going back to class. You may venture to the canteen to grab a freshly baked cake or cookie to satisfy your hunger. At just £1, what a bargain!

Your days will really vary, one might be filled with study periods and another with all day lessons. One morning could be working with Year 7 students to help them develop their reading skills, the afternoon could see you on the field in a football tournament or completing the assault course. Overall, Sixth Form is an enjoyable experience. Although sometimes it's a little stressful, there are always people to help and we are really valuing the time this wonderful school has given us.

Holly, Izzy and Mia

Every Thursday (term time only) 6.30pm – 8.30pm

The Village Hall, Wollaston

For young people aged 11 - 16 years

We held our AGM on 18 August and a new committee was formed. Debra and I are the last of the original team, having run the Youth Club for the last 6 years. However, we are both pleased to be handing over the reins to the new leaders, Gareth, Raine, Steve, Michelle and Ryan. These guys will run the Youth Club from September, with the continued support of Cam, Abi and Lauren. We wish you every success!

On 9 September Deb and I, along with Gareth and Steve, are taking a group to an Activity Weekend at the NAYC's Pioneer Centre, Kidderminster. This was originally booked back in 2020, but unfortunately Covid put a dampener on that trip! We are so glad to finally go, and we'll let you know all about it in the next article!

The first Youth Club session after the summer holidays will be Thursday 8 September. The new team have some great ideas up their sleeves for outings, new equipment and fun-filled activities during the sessions.

If you'd like to come along and see what they're doing, please feel free to pop in during a session. Parents are more than welcome to stay for a cuppa if your young person is a little unsure.

On a regular session we have football, pool and table tennis. "Just Dance" or Karaoke can often be heard blaring out, or the girls will be busy creating dance videos in the garden. Ultimately, the Youth Club is a safe place for the young people of Wollaston to meet friends and have fun, doing what they enjoy. It might be making pancakes, having a skipping competition, playing board games or a random (dis)organised team game! Some members like to be active, whilst others prefer to just chatter at the tuck shop 😊 It's your Youth Club, so you choose!

We are a member of the NAYC (Northampton Association of Youth), all leaders are DBS checked, and we have first aiders on hand too.

If you'd like more information, please feel free to pop in, email us at wollastonyc@outlook.com or message us on Facebook. Don't forget to follow our page "Wollaston Youth Club".

Wishing the Youth Club every success in the future.

Katie & Debra x

WOLLASTON COMMUNITY LIBRARY

Here at Wollaston Community Library, we have a lovely group of volunteers who work really hard to keep everything ticking over, from putting displays in the window, general day to day running of the library, helping to run our very successful groups and managing library events e.g the Summer Reading Challenge which by the time this is published will almost be over! It's completely free to join the library so why not pop in and sign up?

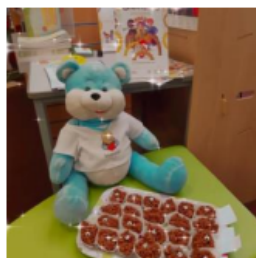

Just to remind everyone that the Rhymetime group meets from 9.30-10am every Wednesday morning during term time. This is for under 5s, it is a free activity but we welcome any donation to help keep our library open. The knit and crochet group meet from 2-3.30pm every Tuesday afternoon, there is no charge but tea and coffee is available for £1 a cup.

We have recently had confirmation that the Adult Education service will be using the library meeting room as a venue for a needlecraft class from September. We hope more village groups will continue to approach us with the view to using our facilities. Feel free to pop in and have a look around.

We continue to promote our facilities and events on Facebook and Instagram, as well as on the display screen that sits in the window. This is also used to give information on our events, activities and general information about opening times etc. Our window display is regularly used by village groups. When not hired we put our own displays in. Please contact us if you would like to have a display.

Don't forget we have a 'Home Delivery Scheme' for housebound Wollaston residents. If you or you know someone who could benefit from this, please feel free to contact us on the number below during our opening hours only.

We have a lovely coffee machine for our visitors, we can also make tea on request too! You can contact us on Facebook, email us at: wollastoncml@gmail.com, call us on 01604 368255 or just pop in when we are open Tuesday 1-5pm, Wednesday 10-2pm, Saturday 10-12.30pm.

Chairman

WOLLASTON WI

Meets: Second Wednesday of every month –
19.45-21.15 at the Baptist Church Hall Wollaston
Membership cost currently £44 per annum
Visitors Fee - £5 per meeting. For more information
please phone Janet on 01933 664439 or email
sueanddavecarter@sky.com

For more information about the Women's Institute,
please visit www.thewi.org.uk

It has now been almost a year since we started
holding our monthly meetings at the Baptist Church
Hall, who have made us very welcome. During that
time, we have had a variety of interesting talks and
demonstrations

In May, we celebrated our 10th Anniversary with a
buffet, quiz and game and gave our members a
celebration cupcake to mark the occasion.

Customers were surprised to find the Queen,
Camilla, and Kate selling the cakes at our Stall at
the Platinum Jubilee Celebratory Picnic in the Park
on 5th June 2022. They also enjoyed the Guess
the Weight of the Cake Competition.

We organised and served the cream teas at the
Heritage Society Open Gardens Event on 19th
June.

In July, Florist Suzie from Eden Wild based at
Chester Farm Estate demonstrated how to put
plants in a big glass vase.

We have

- tried our hand at making flowers using Fimo Clay;
- been entertained by a clarinet and saxophone player and in December plan to be entertained by a Folk Band.

We continue to make cakes for local hospices and
in May made cakes for Cynthia Spencer and in
September, we will be providing cakes for Cransley
Hospice

We have organised lunches, trips, and supported
events held by other WIs in the County.

On 21st July, we had a talk and cream tea at the
Hind Hotel and learnt about its history and their
renovation plans.

On 25th August some members are going on a trip
to Kensington Palace, organised by RB Travel and
to Chatsworth House on 18th November.

Our Members continue to knit baby clothes and
blankets to support Baby Basics, based in
Wollaston and (following a talk in January from
Right Resolution CIC about the Jeevan Project) our
Members now regularly donate items to support
young women leaving the care system who
experience period poverty.

So all in all a busy, but fun year, which was a
challenge after such a long time of not being able to
meet due to the lockdowns.

A warm welcome awaits you at Wollaston WI and we
are always looking for new members with fresh
ideas why not give it a try and come along to our
meeting on 14th September when we are having a
talk by Kevin Vary called Sweet Treats.

**Hookhams Path Development
update**

Some houses are now being built and it possible to imagine what the finished development will look like. The site is called Summers Grange after Wollaston’s Olympic Champion and it will contain 2, 3, and 4 bedroom homes.

The sales launch date is December 2022 and **01933 558281** is the number to call to register your interest with Bloor Homes. Social housing will be provided by Sage and Bloor Homes will manage sales of the shared ownership homes.

The first occupation is expected in February 2023, 50% occupation by the end of 2023 with the whole project finished in early 2026.

One unusual aspect of this development is that 40% of the area is devoted to green space, including 2 hectares of woodland for the whole village to enjoy, thus complying with the Neighbourhood Plan.

Work is also progressing with the outline design of the new Village Hall and the Parish Council is working towards presenting the plans to the Community by the autumn along with an idea of funding and construction costs.

September 2022

Wollaston Parish Council

At the time of writing (the beginning of August) we are in the middle of (or at the end of - who knows?) one of the driest spells of weather for many years.

Whilst hot sunny days are welcomed by players and spectators alike, it does make the maintenance of pitches and outfield a lot more time consuming than normal.

However, we are fortunate that at Wollaston we have a dedicated ground maintenance team who ensure that the playing conditions here are first class and match any ground in our area.

On the playing side our First Eleven are sitting in second place in division one with our Seconds in around mid table in division three.

Our Third team have had a tough season but are hopeful of a good run-in up to the end of their campaign. It has been exciting to see a number of junior players making their senior debuts over the summer.

The Under Nineteens are competing in the league T20 competition but our Under 15's have the best win record with nine victories so far, with the Under 13's and Under 11's not far behind.

However, our first squad to collect any silverware were our Under Nines who were winners of the Finedon CC Tournament at the end of July. Congratulations to coach Nadine and her helpers along with the victorious squad. Photographs can be seen on our website.

The Friday night coaching sessions for this group have proved very popular and confirms that our junior and youth squads give every opportunity for our young cricketers to progress all the way through to senior cricket.

To emphasise this it is great to report that Harry Dolan scored his First Eleven maiden century against Wellingborough Town. He is possibly the youngest Wollaston player to do this since we joined the League in 1957. A real achievement!

A comprehensive "Records and Statistics" section can be found on our website, wollastoncc.co.uk along with photographs, fixtures, results and events.

The Club can be contacted by emailing:

wollaston.cricket@googlemail.com

Hello Wollaston,

Well, we did it! Finally, after 2 and a half years, we managed to perform our show 'Don't Stop Believing!' in June and what a great success it was! We loved our new venue of the Commonwealth Centre and hopefully we will be bringing you our future summer shows from here. We pretty much sold out on both nights and thank you so much to our audiences who gave us a great reception and also some

really great feedback. We really do appreciate the comments we receive and it gives us a real buzz to know that all our hard work creates such an enjoyable event for those who come to see us – Thank you!

But...we don't rest on our laurels for long and we have just started rehearsing for our new season. Our 2022/2023 programme includes a repeat of our Christmas Concert at St Mary's Church. This will be on Saturday the 3rd December and, due to the ticket demand last year, we will be doing a matinee and an evening performance so nobody misses out! We will also be carol singing around the village again in December and there may be a repeat of our 'pub garden' carols at The Hill. Further details of all these events will be well publicised nearer the time. Our 'main event' this season will be our 2023 summer show in June next year so there's plenty to look forward to.

Have you ever thought you might like to join us? Are you a budding singer just waiting to channel your inner song? Well, now is a great time to join our group. As this edition of 'Wollaston Together' goes to press we will only be a few weeks into rehearsals for our new season so you won't have missed much. Logistically it is much trickier to join us mid-season as we will have covered a lot of material which means a lot of catching up so if you want to join us – get your skates on and take the plunge NOW! We are a friendly, welcoming group. There is no audition process but we expect people to know that they can hold a tune! We rehearse at the Baptist Church on Mondays 7.30pm to 9.30pm. For further details give me a ring on 07734 105222, visit our website www.thewollastonsingers.co.uk or check out our Facebook page – Wollaston Singers.

We look forward to continuing to entertain Wollaston!

St. Marys Wollaston

Vision: To be a church that increasingly sees God's kingdom come

Who are we...

We are a vibrant, growing, charismatic village church community, who believe that Jesus came to give us life. So we long to see Him bring joy, peace, hope and healing into every aspect of our lives. Whether you have strong beliefs, just curious or somewhere in between, you will be made very welcome.

What's on...

Here's a brief look at what's on weekly...

Bank Holidays	1400 - 2300 hours		

Following a generous donation from Tilley Wines, Wollaston Community Library is very pleased to announce that a new defibrillator has been installed outside the library.

This is a fully automated defibrillator which, following an assessment of the patient, provides verbal instructions on how to proceed, issuing an automatic cardiac shock if required. It should therefore be capable of being used by any member of the public, regardless of any previous experience or training.

This device has been registered with the East Midlands Ambulance Service (EMAS). To obtain access to the defibrillator simply call 999, where you will be given a code to unlock the cabinet and at the same time an ambulance will be alerted.

On behalf of the Wollaston Community we extend our gratitude to Ivor, Annabelle & Christian for their thoughtful generosity.

Two Factor Authentication (2FA)

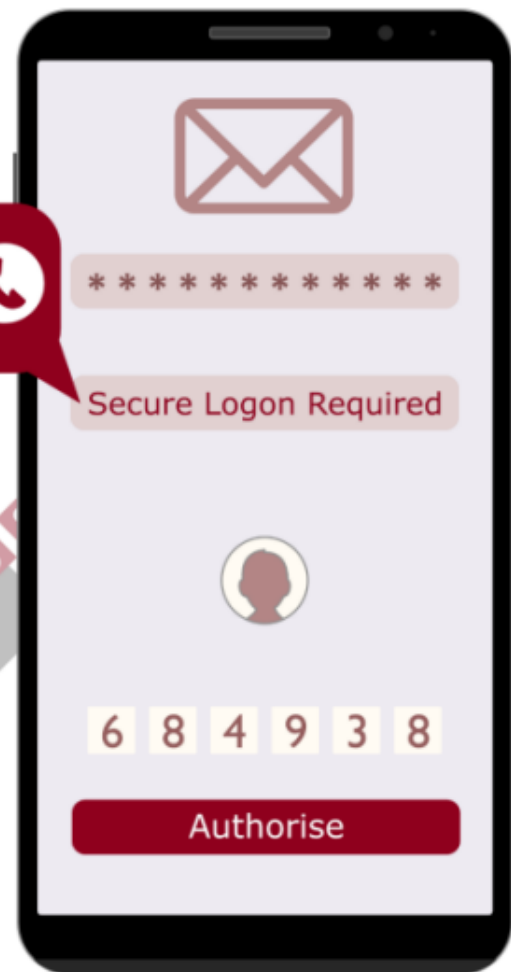

What is Two Factor Authentication?

Two factor authentication (2FA) provides a way of double-checking that the person logging on to your online account is really you.

How does Two Factor Authentication work?

In addition to a strong long password, accounts secured with two factor authentication use a second factor to verify the user when logging on. This is something that only you have or have trusted access to, such as an app on a personal device or a phone number which can be used to receive logon text messages or calls.

How do I use Two Factor Authentication?

To switch on two factor authentication on each of your accounts you will need to access them using a web browser or dedicated app. This feature may also be called two-step verification (2SV) on some apps/accounts, but essentially works the same. Instructions on enabling two factor authentication (2FA or 2SV) for most popular email, commerce and social media websites can be found on the reverse of this flyer.

What if my online account doesn't support Two Factor Authentication?

We would ideally like to see two factor authentication offered on all online accounts and services which might hold your personal data, have access to your money, or play an important role in your life. Although most do offer it, some large providers like BT, Virgin Media and TalkTalk still don't. If it is not available on an important account like email, you should ensure it is secured with a long strong and separate password.

For more information on two factor authentication, passwords and other simple steps you can take, visit the National Cyber Security Centre Cyber Aware site: ncsc.gov.uk/cyberaware
